RICHMOND WAITING TO GREET LUSTY YOUNGSTERS WHO WILL RUN IN MODIFIED MARATHON

Lads Who Are to Race To-Morrow Afternoon in Prime Shape for Contest—Preparations Complete—Meeting of Games Committee To-Night—Enthusiasts Will Crowd Streets.

Just one day now before the first annual modified Marathon of The Times-Dispatch will be run through the streets of Richmond. Just one brief twenty-four hour wait and then the very flower of Virginia's athletes will meet in the supreme test of a twelve-mile jaunt over a course that will lead them between shade trees of untold age and a mass of cheering humanity lined along the streets.

It will be the first event of its kind ever held in the South. All of the men who will take part are reported in prime condition for the run. They have all prepared and are anxious to make the best possible showing. Among the local athletes the opinion is held that the best runner in the country will be established. Some remarkably fast time has been made in the trials. The teams that will represent the University of Virginia, the Newport News Y. M. C. A. and the Virginia Military Institute will arrive to-day. They will run over the course in order to become familiar with it. The McGill Catholic Union, with a gymnasium in its hands, will have arranged an invitation to the contestants to take advantage of the gym. Hot and cold water will be there for the men and towels will be furnished. Likewise will be the aid of the Virginia Military Institute. The club house is on Grace Street, between Eighth and Ninth Streets, and is just one block west of the finish of the race.

To-night the games committee will meet in the office of the sporting editor of The Times-Dispatch for a final conference. The officials are likewise requested to be present. At this meeting the entry blanks will be again looked over, and the formality of approving them will be gone through with. Mr. Warner has already instructed the police as to their official duties.

No vehicles of any kind will be allowed on the course during the race. The police will see that, with the exception of the automobiles carrying the committee and ambulance, no other vehicles will be allowed on the course. The course is kept clear. At all crossings there will be policemen and officials of the run. H. C. Stuart, honorary chairman of the committee, and Governor Mann will patrol the route. Dr. W. A. Lambeth, active chairman of the committee, will be available at all times to answer any questions. F. S. Tousey, of the Church Civic Association, will be in charge of the information bureau from 9 o'clock to-morrow morning until 1 o'clock.

Moving-picture men will be on the job early, and will make reproductions of the runners and of the crowds that will line the streets. These pictures will be shown in every city of the United States, and will be shown in the Lexington game, too, yards being made through them. The Times-Dispatch Marathon is regarded as one of the greatest of all athletic meets ever held in the South. The crowd of the men entered, as well as the spectators, have appealed to all. And besides the valuable prizes which will be presented to the successful contestants at the end of the run have drawn the attention of the multitude.

The very idea of seeing the young men of Virginia in this test of nerve and brawn and muscle has had its effect. The men who will take part in the grand three-year trophy. Others will be interested in some individual. All will want to look at the youngsters who actually finish first, and will want to see Governor-to-be Stuart award him with the gold watch, which will be his. The second runner to finish will also be presented with a watch, while the third man will have the choice of a watch or a loving cup. Every runner finishing the course in two hours will get a medal.

Alumni of the University of Virginia and the V. M. I. will line the streets to cheer their favorites. The time is going to be fast. It will be something new to Richmond and the South. The course will be in great condition. Sprinkling carts will be kept off until the race is over. Altogether it will be a fitting curtain-raiser to the State Fair, which begins Monday.

The Virginia Press Association, gathered here in meeting, will journey from the country, where the members will have lunch, and will watch the runners. They have been invited as an organization and as individuals. The Boy Scouts have been asked to patrol the course along with the police force. Read the rules and read the list of entrants. Then be sure to get your place early.

West Raleigh, N. C., October 2.—The coaches have been putting A. & M. football squad through stiff practice for the week in preparation for the first game on Saturday with the sailors from the United States training ship Franklin. On Wednesday afternoon about twenty-five minutes of scrimmage was held, during which a field goal on the second team. The scrimmage was featured by two long runs of about fifty yards each by VanBrooklin and Osborne, and the line plunging of Tenney. Also, there was evidence of much improvement in the defense.

The sailors from the Franklin will arrive Saturday morning, and will be accompanied by the football team, which is strong, and also by the basketball team. This will make the fourth year the Franklin battalion has been to Raleigh, and they have always been given a cordial welcome, and the students are preparing to give them a lunch on their arrival Saturday morning.

Three years ago the Techs only captured the game from the Tars by one touchdown, but the past two years they have been a margin of three or four touchdowns in favor of the Red and White. The strength of the Techs in preparation for the first game, ways put up a good, hard fight, and the Techs will have to work for all they get Saturday morning. As the A. & M. team is stronger than last year, it should come out with about four or five touchdowns to their credit.

The following men will probably start the game: Flyer, center, Anthony and McHenry of Brauergrad, guards, Hurt and Cooke, tackles, Phillips and O. S. Anthony or VanBrooklin, ends, Rice or VanBrooklin, quarter, Sullivan and Haddock, halves, and Tenney, full back.

Leuel M. G. John Hyland, one of the best known athletes in America, will be the first to start the race. He is a native of Richmond, and his body was shipped to Germany, and his body was shipped to Germany, and his body was shipped to Germany. The Butcher and other great American runners, he was among the leading trainers in Germany before he died.

This feature will be in addition to stories furnished by special writers of the International News Service and the Associated Press.

The electric score board of The Times-Dispatch, connected directly by special wires with the Polo Grounds and Shibe Park, will give the story of the game as it happens, when it happens.

GIANTS HAVE BULGE FROM HURLING POINT

Position of New York and Philadelphia Reversed Since Series of 1911—Veterans of Previous Battles Will Face Each Other.

Records of Pitchers.

Now New York and Philadelphia clubs open the series for the world's baseball championship at the Polo Grounds in this city on Tuesday, the Giants will have at least one advantage which only the heaviest kind of stick work will overcome. Compared player for player, the winners of the National League pennant appear to be stronger in the pitching department than the Athletics. Two years ago, when Connie Mack's clan defeated McGraw's team four games to two in the battle for the 1911 title, conditions in this respect were reversed. Now the margin of strength, so far as boxmen is concerned, is, on past performances, with the Giants.

The doubtful leader of the National League representatives in the coming series has in Marquard, Mathewson, Tesreau, Demaree, Fromme, Crandall and Whitse a group of twirlers who should prove more effective against the Athletics than Bender, Plank, Shawkey, Brown, Bush and Houck against the Giants. Such might not be the case was Connie Mack's pitching staff augmented by the presence of Combs. The big Maine hurler is considered to be out of the series, however, due to early season illness and a more recently strained back. The trio of Mathewson, Marquard and Tesreau, undoubtedly be Mathewson, Marquard and Tesreau, with Demaree, Fromme and Crandall second string twirlers. For the Athletics, Bender, Plank and Shawkey will have first ball, while Brown, Bush and Houck will be reserve pitchers.

Mathewson, who is one of the greatest "money pitchers" of baseball, will have to work hard to keep the new position of New York and Philadelphia clubs open the series for the world's baseball championship at the Polo Grounds in this city on Tuesday, the Giants will have at least one advantage which only the heaviest kind of stick work will overcome.
